Profile

I am a digital craftsman: a creative web developer specializing in front end development of compelling, dynamic, and user centric websites. Exercising my unique blend of abilities in development and design has enabled me to exceed my clients' expectations and vision while maintaining clean and efficient code. Constant self education ensures that I stay at the fore-front of the ever changing climate of developing for the web. Hired by one of my college professors, and graduating *summa cum laude* was the beginning of the career I am looking to elevate.

Experience

Lead Web Developer

01/2013 - 11/2017 | *Dijt*

- Collaborate with the design team to create clean interfaces, intuitive interactions, and memorable experiences.
- Complete development of front-end code as well as challenging back-end server code.
- Perform quality assurance checks to discover and correct errors for cross-browser compatibility and optimize performance.

Designer

08/2011 - 12/2012 | *Merryweather Studios*

- Responsibilities with the design team included concept creation, ideation, and design production.
- Interfaced with clients to discover their needs and discuss design options.
- Acted as art studio assistant for the in-house artist.

Education

BFA Graphic Design

Southern Utah University | 2012

- Graduated with honors: *summa cum laude*, 3.85 GPA
- Studied with an emphasis on Web Design and Photography
- Served as treasurer for the Design Club, 9/2010 - 5/2011
